## THE ONLY No-Under-Shadow Light

There's nothing misleading about that heading.

### The Angle Lamp

Is, in its effect, exactly like sunlight. It is, like the sun, up out of the way, and throws its clear, enjoyable light both outward and downward with no bothersome shadows to annoy or to spoil the lighting effect. There's no other light does that—no other light that has "NO-UNDER-SHADOW". But don't stop at that; look at the other features, too. With a minimum of expense, of trouble and of heat there is obtained a maximum of light and real satisfaction. Every annoying feature of gas, electricity, gasoline and acetylene is obviated. This tells the story of a great combination.

It uses ordinary kerosene (or coal) oil—one quart in sixteen hours. Its light is more brilliant than gas or electricity, with no more heat—no smoke—no odor—no "drawing up"—no removing of globe or top to light—filled while burning.

The following is the inscription on a tablet designed by us and erected in Kawaiahao Church:

### IN MEMORY OF

Elizabeth Kaahumanu, daughter of Keaoumoku and Namahana. She was born at about 1773 at the foot of the hill Kauli on East Maui; became a wife of Kamehameha I at thirteen, and was his favorite until his death in 1819. After the death of Kamehameha II in 1823, she wisely ruled the Hawaiian people as Queen Regent until her death in 1825. Although naturally proud and haughty she early in her Regency accepted Jesus as her Saviour, was baptized in Kawaiahao in 1825, and labored earnestly to lead her people to Christ. She was spoken of by the American Mission as "a distinguished reformer of her nation, a kind friend and benefactress of the Missionaries, and a faithful comforter of the infant churches in these isles." As she was falling asleep in Jesus at the age of about 59, in the beautiful valley of Manoa, just before the dawn of June 5, 1825, fully trusting her Savior, she repeated the following lines of a valued Hawaiian hymn:

"Eia no au, e Iesu, e,  
E nana oloulu mai la'u."  
(Lo, here am I, O Jesus  
Grant me thy gracious smile.)

FAIR MILLIONS.

Once more the Fair fortune is the bone of contention in what promises to be a long and famous litigation. It is now claimed that when Charles L. Fair and his wife were killed in an automobile accident in France nearly a year ago Mrs. Fair survived her husband by half an hour. If this fact can be established, the Fair millions, instead of being retained by the late Mr. Fair's sisters, Mrs. W. K. Vanderbilt, Jr., and Mrs. Hermann Oelrichs, would go to Mrs. Fair's aged mother, Mrs. Hannah E. Nelson, and other Fair relatives, whose claims were settled for a small amount.

## CHINESE REFORMER TELLS 'FRISCO FOLLOWERS OF BOW WONG PLANS

San Francisco, Sept. 26.—Chinatown is holding a big reception in honor of the arrival of Leong Kai Cheu, privy councillor to the dethroned Chinese Emperor and vice-president of the Chinese Reform Association. Leong has the proud distinction of having had the Empress Dowager of the Flowery Kingdom offer a reward of \$100,000 for his capture, dead or alive. This offer yet holds good and the reformer is accompanied on his travels by a strong bodyguard. Pow Chee, his secretary, is also a member of the party which arrived in this city early yesterday morning.

Leong Kai Cheu, Pow Chee and party were met yesterday morning at the ferry depot by many of the prominent Chinese merchants, and behind a brass band the procession of forty hacks drove up Market street and then through the Chinese quarter. The procession halted at the rooms of the Reform Association on Stockton street, where a number of addresses were made both by the visitors and by local members of the reform movement. After the meeting Leong and his secretary were given a banquet at the Yune Fong restaurant, on Jackson street, which lasted well on into the night. The majority of those who attended the banquet were dressed in Western costume and like the two visitors had discarded the queue. Leong had the following to say yesterday afternoon regarding the work being accomplished by the Chinese Reform Association:

### Reward for Leader's Death.

"The Empress Dowager has attempted to destroy our organization by offering large rewards for the death of the leaders in this reform movement. She realizes that we are rapidly gaining great power and that the day is not far distant when China will open its eyes on a new era of prosperity. The dethroned Emperor is one of our staunchest supporters and some day through the influence of our organization we will again place him at the head of Chinese affairs. The members of the organization number nearly 5,000,000, and branches have been started in many foreign countries. There are about 10,000 members in this city, and all are looking forward to the day when they can point to their mother country with pride as being equally progressive with the United States. At present the Chinese empire is run by the Empress Dowager, and the Emperor on the throne is a weakling and a mere puppet in the hands of this designing woman."

Secretary Pow Chee tells the follow-

ing story regarding the life of his chief:

"Leong Kai Cheu entered public life when 19 years of age. He was first made a professor to the imperial family, after passing the Government examinations in Peking. Later on he resigned from this position and became the editor of two leading newspapers in China. He is now the editor of the Suen Mun Choong Bow, published in Yokohama, Japan. The masses in China are gradually beginning to realize the character of the great work of reform as reported in the columns of this paper. Leong has written many books on reform that have a large circulation in the empire, notwithstanding the fact that the Empress Dowager has issued an order suppressing all such publications."

### Escaped on Japanese Warship.

"For the last few months Leong and his party have been traveling throughout the United States, for the purpose of investigating certain Western customs. He is also arranging for the establishment of a giant corporation that will develop the different industries and resources of China."

### WU'S NEW POST.

New York, Sept. 26.—Wu Ting Fung is leaving for Peking to assume his duties as vice-president of the Board of Commerce, says a Times dispatch from Shanghai.

The establishment of the new board does not arouse expectations on the part of the Chinese merchants, who are fully aware that the Government is less influenced by recognition of China's commercial and financial necessities, than by the desire to create new posts, the correspondent avers, for the over-increasing number of officials.

Many a pope has used tobacco in the form of snuff. Leo XIII. did. But it is said that Pius X. is the first to smoke. His holiness enjoys a good cigar, so the report runs, and the fact that he is thus like many other good men will not detract from his dignity or usefulness in the least.—Ithaca Journal.

## Insurance Company On \$35 Capital

Edinburgh, Sept. 15.—An amazing tale of an alleged insurance fraud has been unfolded in Edinburgh. John Grant, director and manager, and Arthur Blackhurst, secretary of the Star Fire and Burglary Company, Ltd., were charged in the High Court of Justiciary with obtaining insurance premiums by fraud from 2,000 persons. According to a liquidator, the company began business with £7. The total premiums received came to £2,311, and the risks undertaken amounted to £875,025.

A clerk earning 16 shillings and expenses a week, said he was advised by Blackhurst, whom he had known for some time, to become a director of the company.

### Elect Each Other.

At the first meeting, he continued, Grant, on the suggestion of Blackhurst, was appointed manager at a salary of £750 a year. Then Blackhurst, on the proposal of Grant, was elected secretary at £100 a year.

The only other director was Grant's brother. On the motion of the ex-clerk, it was agreed to pay in cash or preferential debenture stock £1,000 each to Grant and Blackhurst, the bonds carrying 10 per cent.

He acted, said the clerk, on the suggestion of the two accused men. He had "perfect confidence" in them, and was assured the bonds were all right.

### More Bonds Issued.

At another meeting, at which he and Grant were present, the minutes stated that application had been received from John Grant, and had been accepted, for £5,000 debentures.

The clerk was appointed chairman, and eventually the company applied for liquidation.

Several English and Scottish witnesses gave evidence as to insurance transactions, on the representations, printed in the company's forms, that the guarantee fund was £250,000.

### PUNAHOU'S FOOTBALL TEAM.

A largely attended meeting of the Punahou Athletic Club was held in the Y. M. C. A. rooms yesterday afternoon. W. H. Babbitt presided and Frank Armstrong acted as secretary. C. H. Cooke, last year's manager of the football team, reported receipts from the football association of \$129.63 and expenditures of \$163.50. In addition to these there was a donation of \$25 to the Y. M. C. A. and an expenditure of \$11.12 for decorations.

The chair appointed Messrs. C. F. Alexander, Hemenway and Williamson as a new committee on constitution for the permanent organization of the club. W. A. Anderson was elected as captain of the football team. Albert Waterhouse was elected manager, C. H. Cooke declining reelection. Mr. Steere was reelected captain of the baseball team and J. O. Carter, Jr., manager.

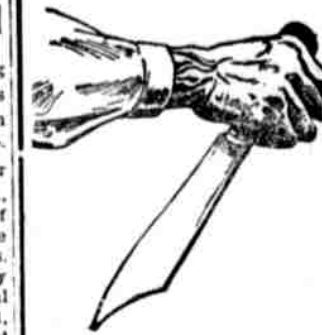

The first practice of the football team will be held Monday afternoon at 5 o'clock.

W. H. Babbitt stated that a basketball team should be organized. This suggestion was accepted and J. Macallino was elected captain of the team. Sam Walker was elected manager. Organization will begin immediately.

### ANSWERS CARTER.

Treasurer Kepoikal yesterday afternoon answered the cable of Secretary Carter asking why there should be any change in original plans relating to the placing of Territorial bonds. Kepoikal's reply was as follows:

"Deemed best to limit amount in New York to \$70,000, as considerable has developed here."
